

**Notice to BB interested parties on the change in flow data reporting for
Roma to Brisbane Pipeline**

This notice advises BB interested parties that the following changes have occurred for reporting of the Roma to Brisbane Pipeline (RBP) Capacity from 1 July 2015.

RBP has been made bi-directional, and can now deliver to Roma.

The nameplate rating for the capacity for RBP to do this is reflected in the quantity reported against RMDQ in the Standing Capacities report (INT 911).

RBP will update the REVC value for RBP in the Capacity Outlook (INT 922) report to show short term (7-day outlook) changes to this capacity.
