

Intent to deregister Delta Electricity from the National Gas Market Bulletin Board

6 February 2015

The Australian Market Operator (AEMO), as the National Gas Market Bulletin Board (BB) Operator is hereby providing notice that it intends to deregister Delta Electricity (ABN 67 139 819 642, BB Company ID 98) from the National Gas Market Bulletin Board, effective 10 March 2015.

On 30 January 2015 AEMO received notice from Delta Electricity indicating that they intend to deregister from the National Gas Market Bulletin Board as a Transmission Customer for the Colongra Power Station. This is in accordance with National Gas Rules Part 18, sub rule 147 (4). Delta Electricity has advised that this facility was sold to Snowy Hydro.

Based on this information, AEMO considers that Delta Electricity has ceased to be a BB participant. In accordance with sub rule 148(8) of the National Gas Rules, AEMO proposes to remove Delta Electricity from the BB participant list, with effect from 10 March 2015.

On deregistration, Delta Electricity will no longer be displayed on the Bulletin Board. All historical data will however remain and will include Delta Electricity up until the day prior to the effective date.

If in future Delta Electricity again becomes a Transmission Customer, it must apply to AEMO for registration under Part 18 of the National Gas Rules before that change occurs.
