

Intent to Register Bellevue Production Facility on the Natural Gas Services Bulletin Board

The Australian Energy Market Operator (AEMO) gives notice that it intends to register the Bellevue Production Facility on the Natural Gas Services Bulletin Board (BB), effective 02 October 2014.

Registration is based on the following information provided by Queensland Gas Company (QGC), (AEMO participant ID 106), as operator of the Bellevue Production Facility.

- The facility will commence production in October 2014.
- The facility will supply gas into the Roma production hub (540027).

Based on this information, AEMO considers that the Bellevue Production Facility should be registered as a BB production facility. In accordance with sub rule 154(2)(c) of the National Gas Rules, AEMO will include the facility in the BB facilities list with effect from 02 October 2014.
