

Intent to Register Reedy Creek and Orana Production Facilities on the National Gas Market Bulletin Board

The Australian Energy Market Operator (AEMO), as the Bulletin Board (BB) Operator is hereby giving notice that it intends to register the Reedy Creek and Orana Production Facilities on the National Gas Market Bulletin Board, effective 21 November 2014.

Registration is based on the following information provided by Australia Pacific LNG Pty Limited (APLNG), operator (AEMO operator number 101) of the Reedy Creek and Orana Production Facilities.

- The facilities will commence production on or soon after 21 November 2014.
- The facility will produce gas into the Roma production hub (540027).

Based on this information, AEMO considers that the Reedy Creek and Orana Production Facilities should be registered as BB facilities. In accordance with sub rule 154(2)(c) of the National Gas Rules, AEMO proposes to include the facility in the BB facilities list with effect from 21 November 2014..
