

Notice to all BB interested parties:

28 March 2018

Notice of Revocation of Exemption of BB Storage Facility – Silver Springs Storage Facility

Silver Springs Storage Facility (**Storage Facility**), operated by AGL Energy Ltd, was subject to an exemption declaration with an effective date 4 September 2015. This exemption being on the basis that the Storage Facility was not connected to a BB pipeline. AEMO has revoked this exemption, with the exemption cancellation date taking effect from 1 June 2018.

The Storage Facility is connected to the Silver Springs Pipeline (**SSP**), which was not a BB pipeline. AEMO declared SSP to be a BB pipeline in accordance with the National Gas Rules 153(1), with the declaration taking effect from 28 March 2018.

The revocation of the exemption declaration, for the Storage Facility, is made in accordance with clause 152(1) on the basis that the Storage Facility is now connected to a BB pipeline.

A consequence of this is that AGL will need to provide information for the Storage Facility in accordance with Part 18 of the National Gas Rules.

The exemption cancellation date, for the storage facility, is effective from 1 June 2018.
